

California MUTCD Overview

**NASA-Ames Research Center (Building 3, Ballroom)
Moffett Field, CA 94035**

**March 6, 2007 - Tuesday
8:00 AM to 12:00 Noon**

As of September 26, 2006 Caltrans has adopted the California MUTCD to prescribe uniform standards and specifications for all official traffic control devices in California. This combined document, the California MUTCD incorporates FHWA's MUTCD 2003 Revision 1 dated November 20, 2004 and the MUTCD 2003 California Supplement dated May 20, 2004. This class offers an overview of this new combined document with format and new policy changes.

Please RSVP: lvollenweider@mail.arc.nasa.gov (Linda Vollenweider)

PLEASE NOTE: Attendance is limited to prior confirmation as only persons whose names are on the attendee list will be allowed to enter by the security guard.
